TURBO SKYLANE

CESSNA TURBO SKYLANE

ADVENTUROUS BY DESIGN

VIEW TURBO SKYLANE RANGE MAP

POWERFUL, **INSIDE AND OUT**

Turbocharge your flight experience with the Cessna® Turbo Skylane® piston. With the ability to climb 1,040 ft per minute and maintain a full 235 hp at 20,000 ft, that's power meets comfort. A forgiving high-wing design and durable airframe provides impressive performance, powerful capability, all with low acquisition and operating costs. The Cessna® Turbo Skylane® aircraft is ready to rise to even the most challenging adventures.

SPECIFICATIONS

	AB	Max Range	971 nm	1,798 km
		Max Cruise Speed	165 ktas	306 km/h
	A	Max Occupants		4
	Ç.	Useful Load	998 lb	453 kg
	7	Takeoff Distance	1,385 ft	422 m

Performance data based on a standard day with zero wind. Field performance assumes a level, dry, paved runway, sea level at MTOW. Range based on a ferry mission at LRC with VFR 45 minutes reserve.

ELEVATED FLIGHT DECK

The Turbo Skylane® piston is powered by advanced technology in integrated cockpit avionics, the Garmin® G1000® NXi. The new Garmin® GI 275 electronic standby lets you keep the classic look of your standby instruments while upgrading to a modern and sleek glass touchscreen display.

COMMAND THE NEXT GENERATION

IMPROVED CONVENIENCE

Your adventure starts as soon as you step into our updated interiors. The Turbo Skylane® aircraft now includes USB power outlets, cell phone pockets built in each seat, headset plugs, comfortable armrest and optional integrated air conditioning. Further improvements include new side panels, window locks and air vents. Inside and out, the updated Cessna® Turbo Skylane® piston can turbocharge your adventures.

ONE TRUSTED SOURCE FOR ALL PARTS

With over 95 years of experience worldwide, Textron Aviation's Parts & Distribution Team have the expertise and know-how to get the parts you need, when you need them. Our commitment to excellence ensures that you have access to the highest quality parts at competitive prices, including those from leading brands in the industry.

Highlights From Our Global Parts Network:

- · A one-stop fulfillment source with over 140,000 unique parts in inventory, all trusted with our 12-month warranty.
- Quick delivery with our over 99% same-day ship rate for in stock parts.
- · Enjoy flexibility and convenience with the latest cutoff order times in the industry.
- · Efficient and personalized service from our sales and support team.

THE FUTURE OF FLIGHT

At Textron Aviation, we prioritize efficiency and innovation in manufacturing and energy procurement because we're strongly committed to sustainability. Since 2022, all our Kansas facilities have been powered by 100% renewable wind energy. We're utilizing more environmentally friendly materials for aircraft interiors. And we're offering turbine aircraft that can operate with Sustainable Aviation Fuel (SAF), reducing our carbon footprint and helping contribute to a sustainable future for the planet.
