THE ULTIMATE UTILITY VEHICLE

The CESSNA GRAND CARAVAN EX aircraft has established an international reputation as a revenue-generator as well as the go-to multi-mission aircraft. Featuring a proven airframe design combined with increased speed and climb capability, the Grand Caravan EX aircraft dispatches with unparalleled reliability. Its powerful Pratt & Whitney Canada engine delivers 867 horsepower of dependable payload performance and superior efficiency. Experience true value with low direct operating costs, limited warranties and parts availability.

Maximum Range
912 nm

Maximum Cruise Speed
185 ktas

Maximum Occupants
10-14*

Useful Load
3,532 lb

Takeoff Distance
1,399 ft

* Dependent on local regulations.
EASY BOARDING
The airstair facilitates easy entry and exit through the right side of the aircraft and saves significant weight over other designs.

THE RELIABLE MULTITASKER

INCREASED AUTOMATION AND PROTECTION
Simplify flying with the optional Garmin Enhanced Automatic Flight Control System (E-AFCS) with electronic stability, instrument landing, terrain awareness, emergency descent mode, coupled go-around, and more.

PLenty of Muscle
The ultra-efficient 867-horsepower Pratt & Whitney Canada PT6A-140 engine provides class-leading cruise speed, performance, and range.

RUGGED LANDING GEAR
Large, rough-field tires and rugged landing gear allow you to operate from grass, gravel, and even more rudimentary runways.

GREATER CARGO CAPACITY
Wide loading doors allow easy access. An optional cargo pod offers 111 cubic feet of additional storage space.

NEXT-GENERATION AVIONICS
Garmin G1000 NXi avionics provide an intuitive cockpit interface with enhanced graphics, split-screen capability, faster hardware, and new features.

ADVANCED WIRELESS
Standard Flight Streams 510 for wireless database uploads and flight plan transfers. Dual audio panel with Bluetooth connectivity for your phone, plus 3D audio for enhanced spatial awareness.

SATELLITE DATA LINK
Optional Garmin GSR-56 satellite data link enables weather graphic download and voice and text capability in remote areas.

ICE PROTECTION
Certified with the optional TKS Ice Protection system for flight into known icing.

NEXT-GENERATION FLIGHT DECK

Enjoy a spacious cockpit powered by the latest technology — the Garmin G1000 NXi avionics suite. Managing the flight deck has never been easier with an improved graphical interface and more powerful hardware and higher-resolution displays with split-screen capability for increased situational awareness.

- Pilot and copilot primary flight displays (PFD)
- Multifunction display (MFD)
- Dual air data computer (ADC)
- Engine/airframe unit
- Dual attitude and heading reference system (AHRS)
- Dual audio system with Bluetooth capability and 3D audio
- ADS-B Out transponder
- Detailed graphical landscape showing terrain and obstacles
- Integrated VFR sectional charts
- IFR high and low altitude charts with autodaylight modes
- Flight Stream 510 for wireless database uploads, flight plan transfers and optional GSR 56 for satellite connectivity
- Optional Garmin Enhanced Automatic Flight Control System (E-AFCS) with electronic stability and underspeed protection and emergency descent mode
Customize your cabin configuration to match changing mission profiles and optimize revenue on every flight. Highly ergonomic seats made from Luxor Leather fabric contain a stain-resistant and antimicrobial finish, making for a durable yet versatile interior. Create the picture of your perfect cabin from a palette of new interior collections. The classic neutral khaki of Savanna is contemporary and clean, while the high-contrast black and khaki of Canyon is warm and sophisticated.
Rugged, economical and versatile, CARAVAN turboprops are unsurpassed as special missions aircraft. Their unmatched fuel efficiency and low operating costs keep you aloft longer to meet your mission needs. The Grand Caravan EX turboprop is capable of performing life-critical missions in remote locations, flying in adverse environments and operating on unimproved airstrips. Its high-wing design provides excellent ground visibility and a stable platform for intelligence gathering. We can configure your Grand Caravan EX aircraft specifically to accommodate sophisticated ISR systems, video equipment, still photography and infrared cameras.

READY FOR ANY MISSION
The Grand Caravan EX aircraft has legendary reliability that ensures you stay on schedule, not on the tarmac. For even greater access to remote locations, this plane takes to the water with uncompromising speed and payload. Like all Caravan aircraft models, the Amphibian is both easy and economical to maintain and far more fuel-efficient than its competitors. Regional airlines and charter services serving low-volume routes or traveling to remote destinations count on the Grand Caravan EX turboprop to deliver more payload and transport more customers for a healthier revenue on every trip.

THE WORLD IS YOUR RUNWAY
ULTIMATE PERFORMER

The Grand Caravan EX plane outperforms all other single-engine utility turboprops, no matter the conditions or the mission. Even with a range of well over 900 nautical miles, a max cruise speed of 185 knots and useful load of more than 3,500 pounds, the rugged, versatile Grand Caravan EX turboprop gets in and out of short runways. This makes it the preferred aircraft of regional carriers, charter businesses and special missions operations with remote destinations.

YOUR CONNECTION TO OEM EXPERT SUPPORT

Maintaining a global fleet requires worldwide coordination and universal access to the knowledge of experienced support representatives. With you as our focus, we are fully committed to you and supporting your Cessna Grand Caravan EX aircraft with general aviation's largest global support network. You can count on Textron Aviation to be by your side with superior parts availability, competitive pricing and a robust distribution system. The quality of support you receive is always efficient, reliable and available 24 hours a day.

HIGHLIGHTS FROM OUR SERVICE NETWORK

- Textron Aviation has the farthest-reaching network of 19 company-owned service centers and the world’s largest parts distribution network
- Over 70 Mobile Service Units globally, so support is available wherever you need it
- A robust E-Commerce platform to make parts purchasing quick and easy
- 96% fill rate on parts shipments with 99.9% of those items shipping the same day
- Personalized ownership programs to assist with maintenance, parts purchasing and flight operations

VISIT SERVICE.TXTAV.COM TO LEARN MORE.
THE WORLD’S LEADER IN GENERAL AVIATION

We advance the market by leveraging the latest technology in our BEECHCRAFT and Cessna aircraft. These cornerstone brands account for more than half of all general aviation aircraft flying today.

We have delivered more than 250,000 aircraft over our 90-year history, exceeding 150 million turbine flight hours in over 170 countries. With more than 12,000 employees building new products and supporting you every step of the way, we continue to provide the industry’s widest-ranging offerings and most capable service.

Our portfolio features CITATION aircraft, the world’s best-selling business jets; KING AIR and Caravan aircraft, both class-leading turboprops; and advanced piston aircraft for transport and efficient pilot training.
The sale, export and re-export of some configurations of Textron Aviation Special Missions aircraft, as well as the associated maintenance support and unique technical data, require U.S. Government export license approval under the International Traffic in Arms Regulations (ITAR: Title 22 CFR Parts 120-130) and/or the U.S. Export Administration Regulations (EAR: Title 15 CFR Parts 730-774).
