Step into the reliable choice — the Cessna Citation CJ3+ aircraft. With superior efficiency and light-jet performance, the CJ3+ is also the natural choice. Its cockpit features touch-screen avionics that let you fly with confidence. You can count on this jet to take your business and personal travel to new heights.

**Maximum Range**
- 2,040 nm

**Maximum Cruise Speed**
- 416 ktas

**Maximum Passengers**
- 9

**Useful Load**
- 5,530 lb

**Takeoff Distance**
- 3,180 ft
UNMATCHED ADVANTAGES

STATE-OF-THE-ART AUTOPILOT SYSTEM
The autopilot system makes flying easy, consistent and enjoyable.

TOUCH-SCREEN AVIONICS
NextGen-capable Garmin™ G3000™ avionics offer touch-screen capabilities for intuitive control and easy operation.

EFFICIENT ENGINES
Williams International engines deliver reliable, efficient maintenance and lower direct operating costs.

WIRELESS CABIN MANAGEMENT
Enjoy best-in-class standard features that provide aesthetics and comfort.

LOWER OPERATING COSTS
The CJ3+ effectively balances high performance with low direct operating costs.

TRAILING-LINK LANDING GEAR
The landing gear’s trailing-link design provides rugged comfort and makes for soft landings and smooth taxiing.

GENEROUS BAGGAGE CAPACITY
Enjoy a 1,000 pound combined front and rear baggage capacity.

LESS EFFORT, MORE CONTROL

Spend less time managing the flight deck and more time enjoying the flight with the power of the Garmin G3000 avionics suite. With more space in the pilot-friendly, ergonomic cockpit, you’ll fly comfortably and efficiently with intuitive touch-screen controls that keep all important information just a glance away. Your flight deck’s technology is NextGen-equipped and gives you optimal awareness of all operations with minimal distraction. A fully digital dual-channel Garmin GFC™ 700 flight control system brings more than an autopilot. It ensures redundancy and reliability while optimizing performance across the airspeed envelope.

The GTC 570, an all-new glass touch-screen controller, is the primary connection for the Garmin G3000 system. This icon-driven interface enables you to access more systems and sensors than ever before. Functions are easy to locate with fewer touch points, allowing you more time heads-up and looking forward.
A quiet cabin creates a peaceful, productive environment, with natural light supplied by 14 large windows and illumination by low-power, energy-efficient LED lighting. A standard belted flushing toilet and seating for nine make the most of the Citation CJ3+ cabin space for long-range comfort.

**ROOM FOR WORK AND RELAXATION**

**NEXT-GENERATION INNOVATION**

Escape the world below while staying seamlessly connected to it with wireless intelligent cabin technology, designed especially for the Citation line. Optional in-flight Wi-Fi, moving maps, flight information and cockpit audio are integrated with your own personal device for uninterrupted productivity and entertainment. An optional satcom phone allows connectivity even at cruising altitudes.
The Citation CJ3+ offers the ultimate cabin for light-jet travel. From initial design, the seats were crafted with passenger comfort in mind. A belted lavatory comes standard, while the six cabin seats swing out for added legroom. Executive tables and armrests stow neatly out of the way when not in use. These are just a few of the details that are standard in the Citation CJ3+ cabin.
TAKE COMMAND OF YOUR TRAINING

Get ready to train with the best. TRU Simulation + Training delivers an immersive experience for Citation CJ3+ pilots. Step inside state-of-the-art simulators, and take advantage of online resources to keep your skills sharp all year long.

TRU SIMULATION + TRAINING
• The most true-to-life simulators in the industry with record, playback and demo capabilities that make learning easy and enjoyable.
• Fifty percent more training time in Level-D full-flight simulators and FTDs.
• One-on-one guidance from active, high-time pilot instructors with recent operational experience.
• FAA-approved online courses.
• Freedom to attend ground school from home and spend fewer days training on-site.

CONVENIENT, YEAR-ROUND CURRENCY

Study on your own time, at your own pace. With TRU’s Current 365™ program, you can maintain currency throughout the year, get courseware sent right to your email, and train when and where you want.

Be the best pilot you can be. Get started at TRUSimulation.com.

SERVICE ANYTIME, ANYWHERE

With you as our focus, we are fully committed to servicing your Citation CJ3+. You can count on Textron Aviation to be by your side with superior parts availability, competitive pricing and a robust distribution system. The support you receive is always factory-direct and available for you 24 hours a day.

HIGHLIGHTS FROM OUR SERVICE NETWORK
• Textron Aviation has the farthest-reaching network of company-owned service centers.
• AOG support is just 1CALL away. Dial a single number for diagnostic expertise, mobile service units and airborne response to remote locations.
• Our parts inventory is 19 million strong, covering your aircraft from nose to tail.
• We ship 99.6 percent of parts in stock the same day you order them.

VISIT SERVICE.TXTAV.COM TO LEARN MORE.
THE WORLD’S LEADER IN AVIATION

We advance the market by leveraging the latest technology in our Beechcraft®, Cessna and Hawker® aircraft. These cornerstone brands account for more than half of all general aviation aircraft flying today.

We have delivered more than 250,000 aircraft, exceeding 150 million flight hours in over 170 countries. In the last five years, more than 10 new Textron Aviation products have been certified and delivered. We continue to lead the market with the widest-ranging offerings available to customers.

Our portfolio features Citation aircraft, the world’s best-selling business jets; King Air® and Caravan® aircraft, both class-leading turboprops; and advanced piston aircraft for transport and efficient pilot training.
